

Senior Dean, Faculty of Applied Sciences & Technology – Humber College

Located in Toronto, one of the most diverse cities in the world, Humber College is one of Canada's leading post-secondary institutions with six Faculties, two campuses and one downtown location. Transforming post-secondary education through global, polytechnic leadership, Humber is designated an Institute of Technology and Advanced Learning.

A founding member of Polytechnics Canada, Humber College is one of the largest postsecondary institutions in Canada with over 89,000 learners. Humber emphasizes experiential, career-focused education and provides a broad range of credentials including bachelor's degrees, diplomas, apprenticeship training, certificates, and graduate certificates. Committed to student success through excellence in teaching and learning, Humber offers both full-time and continuous professional learning programs.

Humber has provided high quality post-secondary education and a rich academic experience for its students for over 50 years. Humber's award-winning faculty members have advanced academic credentials, industry experience and employ the latest technology and teaching methodologies in state-of-the-art labs and classrooms that simulate a real-world working environment.

The college's polytechnic approach includes a wide range of credentials with well-established pathways between them, as well as partnerships with industry, community agencies, and other domestic and international educational institutions, providing students with access to industry leaders and work experience.

In addition to its academic excellence, Humber College is a leader in providing a learning, working and living environment that through our staff, structures and values, embeds equity, diversity and inclusion (EDI) into its' programs and services. Each department and Faculty is actively implementing the Indigenous Education Plan (IEP) to achieve institutional commitments to Indigenous Education and Engagement as a means of guiding ongoing and future development of programs and services in support of Indigenous learners, families, and communities.

The Faculty of Applied Sciences & Technology offers comprehensive programs in design, information technology, engineering and engineering technology, and skilled trades and apprenticeships. With over 50 programs offered across a span of applied technology industries, and a staff of approximately 600, the Faculty is preparing students for the careers of the future. Academic theory blended with applied learning provides a strong educational foundation, while state-of-the-art facilities, work placements, and apprenticeships provide experiential learning in the classroom, and within industry. Faculty of Applied Sciences & Technology students graduate with critical-thinking and hands-on skills that will launch their careers in traditional and emerging careers.

Reporting to the Senior Vice President Academic, the Senior Dean, Faculty of Applied Sciences & Technology provides strategic and operational leadership over the administrative and academic priorities of the Faculty and contributes to the further development of the Faculty, its programs, industry partnerships, research, student success, and the teaching and learning environment. The Senior Dean also provides leadership to the Barrett Centre for Technology Innovation which is a cutting-edge facility that provides technological leadership in collaboration with industry partners. As a leader of a dynamic team, the Senior Dean ensures successful design and delivery of the academic and operational plan for the Faculty and encourages the development of mutually supportive partnerships and alliances with all stakeholders, to ensure that the Faculty functions as an inclusive, student-centered community. The Senior Dean is also responsible for administrative oversight, ensuring the

effective delivery of services and financial performance within the Faculty.

As a collaborative leader, the Senior Dean is responsible for leading and fostering interdisciplinary collaboration within and across program clusters, Faculties and organizational departments, as well as academic institutions, industry partners, community partners, government agencies, students and internal stakeholders that support the achievement of the organizational strategic direction of Humber College. The Senior Dean is committed to student success and contributes to building a positive work environment and innovative culture that reflects the values of Humber College with a large team of staff, faculty and management. The ideal candidate will bring a demonstrated background of successful administrative leadership experience in a post-secondary or similarly complex, multi-stakeholder organization, including experience in strategic planning, financial planning and management, external and government relations, fundraising, and individual and organizational development.

The ideal candidate will also possess knowledge, sensitivity and an ability to embed equity, diversity and inclusion principles into processes, practices, work culture, and curriculum, particularly Indigenous ways of being, knowing and doing and will exhibit a leadership style characterized by collegiality, collaboration and diplomacy. As an academic leader, the ideal candidate will demonstrate a commitment to ensuring academic excellence, and a passion for teaching, learning, and student success and will have experience executing and delivering on academic and operational plans. The ideal candidate will possess a Masters degree in a discipline relevant to the Faculty, however, a P.Eng or Ph.D is strongly preferred and considered an asset.

Humber College is located within the traditional and treaty lands of the Mississaugas of the Credit. Known as Adoobiigok, the “Place of the Alders” in Michi Saagiig language, the region is uniquely situated along the Humber River Watershed, which historically provided an integral connection for Anishinaabe, Haudenosaunee, and Wendat peoples between the Ontario Lakeshore and the Lake Simcoe/Georgian Bay regions. Now home to people of numerous nations, Adoobiigok continues to provide a vital source of interconnection for all.

If you are interested in this opportunity, please apply online at <http://www.kbrs.ca/career/17035>. For more information, contact Katherine Frank (kfrank@kbrs.ca) or Beth McLennan (bmclennan@kbrs.ca).

Humber College is committed to a workforce that reflects the diversity of our students and our city. We actively seek Indigenous Peoples and individuals from equity-deserving groups with demonstrated skills and knowledge to deal with all aspects of equity, diversity and inclusion in a post-secondary environment. Humber College is committed to accommodating applicants with disabilities throughout the hiring process, in accordance with the Accessibility for Ontarians with Disabilities Act (AODA). This document is available in alternate formats upon request.

All qualified candidates are encouraged to apply; however, preference will be given to Canadian citizens and permanent residents.

KBRS will provide support in the recruitment processes to applicants with disabilities, including accommodation that takes into account an applicant’s accessibility needs. If you require accommodation in order to participate as a candidate in the recruitment process, please contact accommodate@kbrs.ca.
