

L'Université
de Montréal
et de votre
carrière.

Deeply rooted in Montreal and dedicated to its international mission, Université de Montréal is one of Canada's Top 100 Employers. Like the city whose name it bears, it is effervescent and multicultural.

UdeM attracts over \$500 million in research funding every year, making it one of the three university research hubs in Canada. It also ranks among the best universities worldwide and among the five best French language universities.

Through the achievements of the members of its community, UdeM participates in building today's and tomorrow's world.

Assistant Professor in child/adolescent clinical neuropsychology

Department of Psychology, Faculty of Arts and Sciences

Job description

The Department of Psychology invites applications for a full-time faculty position (regular position leading to tenure) **at the rank of assistant professor in clinical child/adolescent neuropsychology.**

Founded in 1942, the Department of Psychology is the oldest French-speaking psychology department in North America. With its 60 career professors, it plays a leading role in the training of researchers and clinicians by presenting a complete and unique training offer in psychology, neuropsychology and cognitive and computational neuroscience. Professors in the Clinical neuropsychology sector pursue research programs in several facets of the discipline. They are supported by talented and talented students and have close collaborations with national and international academic and practice communities. The research-intervention Ph.D. program in clinical neuropsychology is accredited by the Canadian Psychological Association and the Psy.D. is in the process of being accredited.

Responsibilities

The successful candidate will be called upon to teach mainly graduate classes and supervise graduate students, particularly in the professional doctoral program (Psy.D.) in clinical neuropsychology, to supervise research leading to the writing of doctoral essays, master's dissertations, and theses, to pursue outreach activities and publications of a professional and scientific nature, and to contribute to the activities of the institution. Teaching can be done at the Laval and Montreal campuses.

Requirements

- > Doctorate in psychology (Ph.D. research-intervention or D.Psy.) or its equivalent, with specialization in clinical neuropsychology;
- > Minimum of two years of relevant clinical experience (acquired after the doctorate) with a pediatric/adolescent clientele with neuropsychological disorders;
- > Knowledge of the field of child psychiatry constitutes an asset;
- > The candidate should be at the beginning of their academic career as it is an assistant professor position;
- > Ability to supervise clinical neuropsychology assessment and intervention practica;
- > Have demonstrated, through publications, a competence for academic and professional influence. This position involves regular, high-level written production in various professional and scientific journals;
- > Demonstrated ability to provide high quality university teaching, teaching experience is an asset;
- > Interest in developing and directing Psy.D. and research-intervention Ph.D. programs in clinical neuropsychology;
- > Be a member of the Ordre des Psychologues du Québec and hold the certificate for evaluation of neuropsychological disorders (or the demonstration of possible satisfaction of the requirements must be provided in the application file);
- > Knowledge of the field of child psychiatry, including autism spectrum disorders, constitutes an asset;
- > Have sufficient knowledge of the French language or be determined to learn it once in office through the French language learning support program offered by UdeM, under the [Université de Montréal's Language Policy](#).

How to submit your application

The application file should contain the following documents:

- > A cover letter describing your interests and career goals: to comply with Government of Canada requirements, please include in your cover letter one or more of the following statements: "I am a citizen/ permanent resident of Canada" or "I am not a citizen/permanent ;
- > Your curriculum vitae;
- > A teaching statement, including clinical teaching (no more than two pages);
- > A research statement (no more than three pages);
- > A diversity and inclusion statement (no more than two pages);
- > Copies of recent publications or research;
- > Three letters of recommendation, which must be sent directly by their author to the direction of the Department.

Application file and letters of recommendation must be sent **by email** to the **Chair of the Department of Psychology** no later than **December 1st, 2022**:

Michelle McKerral, Chair

DIVERSITY AND INCLUSION

Université de Montréal is strongly committed to fostering [diversity and inclusion](#). Through its *Equal Access Employment Program (EAEP)*, UdeM invites applications from women, Aboriginal people, visible and ethnic minorities, as well as persons with disabilities. We will –confidentially – adapt our recruitment mechanisms to the specific needs of people with disabilities who request it.

UdeM embraces a broad and inclusive definition of diversity that goes beyond applicable laws, and therefore encourages all qualified individuals to apply, regardless of their characteristics. However, in accordance with Canadian immigration requirements, priority will be given to Canadians and permanent residents.

In order to measure the impact of its equity, diversity and inclusion actions, UdeM is collecting data on applicants identifying themselves with one of the groups targeted by the Equal Employment Opportunity Act, namely women, Aboriginal people, visible minorities, ethnic minorities and people with limitations. To this end, we thank you for completing [this self-identification questionnaire](#). The information you provide through this form is **strictly confidential** and will be shared only with those responsible for the UdeM EAEP. If you wish, you may also indicate that you belong to one of the targeted groups in your cover letter, which will be reviewed by the selection committee and the assembly of peers.

Université de Montréal's application process allows all members of the Professor's Assembly to review the application files submitted. If you wish to keep your application confidential until the shortlist is established, please mention it in your application.
