Sustainability and Financial Management, Three-year Definite Term Lecturer

The School of Environment, Enterprise and Development (SEED), in the Faculty of Environment, University of Waterloo, invites applications for a three-year definite-term Lecturer appointment, with the possibility of renewal as a Continuing Lecturer, with expertise that combines finance and sustainability. The candidate must have a PhD at the time of appointment, and will be expected to teach up to six (6) courses annually, primarily at the undergraduate level.

Applicants must demonstrate excellence in teaching, combined with deep expertise in one or more of the following areas: sustainable finance, sustainable investment, integrated reporting, environmental finance, social finance, and ESG materiality and accounting. The position is expected to support teaching and program development activities for the new Bachelor of Sustainability and Financial Management program, which is expected to commence in 2022.

Founded in 2009, SEED is located in the biggest Faculty of Environment in Canada and has established itself as a recognized leader in integrated approaches for sustainable solutions to the world’s most pressing environmental, social and development challenges. SEED offers two undergraduate programs (Environment and Business; International Development) and five graduate programs (Masters and PhD in Sustainability Management; Masters in Environment and Business; Masters in Economic Development and Innovation; and Master of Development Practice). SEED has a current enrolment of approximately 1,000 undergraduate and graduate students and is expanding its undergraduate programs to include the new Bachelor of Sustainability and Financial Management, expected in 2022. SEED is located in a 57,000 sq. ft. LEED® Platinum building with classrooms, student space and offices. For details about the school and its programs please visit: http://seed.uwaterloo.ca.

This is a teaching position with a start date of July 1, 2021, or soon thereafter. Salary will be commensurate with experience (the range is $80,000-$105,000 per year). Applications must include a maximum 3-page statement, a CV, and the names (with contact information) of three referees. The statement should include the applicant's approach to teaching and learning and relevance of their academic and professional experience for the position. Referees will be contacted for those being considered for interviews. Closing date for receipt of applications is March 12, 2021.

Submit application materials electronically to Marion Brown at ma4brown@uwaterloo.ca to the attention of:

Professor Bruce Frayne
Director, SEED, Faculty of Environment

If you have any questions regarding the position, the application process, assessment process, eligibility, or a request for accommodation during the hiring process, please contact Marion Brown at ma4brown@uwaterloo.ca.
The University of Waterloo regards equity and diversity as an integral part of academic excellence and is committed to accessibility for all employees. As such, we encourage applications from women, persons with disabilities, Indigenous peoples, members of visible minorities, and others who may contribute to the further diversification of ideas. At Waterloo, you will have the opportunity to work across disciplines and collaborate with an international community of scholars and a diverse student body, situated in a rapidly growing community that has been termed a “hub of innovation.”

All qualified candidates are encouraged to apply, however Canadians and permanent residents will be given priority.
