

Mathematics Department,
Glendon College
York University

Glendon College, York University's bilingual (English-French) Faculty, is situated on its own scenic campus in the heart of the cosmopolitan city of Toronto. Glendon is committed to high-quality teaching in the tradition of the liberal arts and offers a unique undergraduate academic experience for students within one of Canada's largest research universities. For information about Glendon and its particular programs, please consult the Faculty webpage at www.yorku.ca/glendon.

The Mathematics Department, Glendon College at York University invites highly qualified applicants to apply for one *Contractually Limited Appointment (CLA), Teaching Stream*, for a period of one year, renewable up to three years, in mathematics and statistics to commence July 1, 2023.

The successful candidate will be expected to teach undergraduate courses in algebra, analysis, probability and statistics and to provide creative educational leadership in enhancing teaching and learning through curricular and pedagogical innovation in the classroom and at the level of programs.

Candidate Qualifications:

- PhD, or PhD near completion by the start date, in mathematics or statistics required.
- Qualified applicants must be fully fluent in French and English and able to teach in both languages in a multicultural context.
- Excellence, or clear potential thereof among early career scholars, in teaching university-level courses, as evident in: the letter of application; teaching accomplishments and pedagogical innovations including in high priority areas such as experiential education, technology enhanced learning and community-based learning; teaching evaluations; and letters of reference.
- Strong commitment to pedagogy and student success, the capacity to bring a theoretical and practical orientation to mathematics and statistics teaching, learning and program design, and evidence of good judgment and a reflective approach to innovation in teaching. Experience with curriculum development and universal design approaches to teaching and assessment is preferred.
- Record of or potential for service contributions through administrative and committee work.

Hiring Policies:

- Salary will be commensurate with qualifications and experience.
- All York University positions are subject to budgetary approval.
- All qualified candidates are encouraged to apply; however, Canadian citizens, permanent residents and Indigenous peoples in Canada will be given priority.
- York University has a policy on [Accommodation in Employment for Persons with Disabilities](#) and is committed to working towards a barrier-free workplace and to expanding the accessibility of the workplace to persons with disabilities. Candidates who require accommodation during the selection process are invited to contact Dr. Mario Roy (mroy@glendon.yorku.ca).
- York University is an Affirmative Action (AA) employer and strongly values diversity, including gender and sexual diversity, within its community. The AA Program, which applies to women, members of racialized groups, Indigenous peoples, persons with disabilities and those who self-identify as 2SLGBTQ+, can be found at www.yorku.ca/acadjobs or by calling the AA line at 416-736-

5713. Applicants wishing to self-identify as part of York University's Affirmative Action program can do so by downloading, completing and submitting [this voluntary self-identification form](#).

Application Components:

- Due date for complete applications: Friday, December 2, 2022
- Required components: 1) letter of application outlining professional experience; 2) current CV; 3) teaching dossier with evidence of excellence and innovation in teaching (e.g., sample course outlines, teaching evaluations, conference papers and publications relating to pedagogy; 4) three letters, at least two of which speak to the applicant's teaching.
- Candidates must also download, complete, and submit a [Work Status Declaration form](#). This is a mandatory form and no application will be considered without it.
- Submit materials preferably by email in pdf format to mroy@glendon.yorku.ca or by regular mail to Dr. Mario Roy, Chair, Department of Mathematics, Glendon College, York University, 2275 Bayview Avenue, Toronto, Ontario, Canada M4N 3M6.

University Context:

- York is a leading international teaching and research university, and a driving force for positive change. Empowered by a welcoming and diverse community with a uniquely global perspective, we are preparing our students for their long-term careers and personal success. Together, we can make things right for our communities, our planet and our future.
- York is located in Toronto, Canada's largest city and one of the world's most diverse. In 2022, Forbes named Toronto one of the [Ten Best Cities to Live](#).
